Lakeside Community Church
Dates Employed Jul 2003 – Aug 2016
Employment Duration 13 yrs 2 mos
Location Hastings, Nebraska 68901

Developed and created web site, all graphic elements also photographed church events (in 2003) as well as images of the Church still in use today. Wrote and created advertisements for the VS Driver while in Nebraska. Continue to update web site from California. Trained staff in the use/incorporation of eblogger and Google calendar. This was under Melinda Runcie and Pastor David Speicher who are no longer with Lakeside Church.

LAKE SIDE

COMMUNITY CHURCH
A Church of the Nazarene

To Whom it may concern;

Steve McKinnis has asked that I write you and share with you some of my insights as to Steve's experience and expertise in the area of web design skills.

Steve has designed and maintained our church's website for over a decade now, 2003—2015. His creativity and professionalism has exceeded our expectations. Although Steve is a very knowledgeable individual, he works with us on a very personal level, and he communicates with us frequently as to web design, updating our site, and keeping it on the cutting edge.

Steve prides himself in his design ability and creativity, and no two websites that he has designed look anything alike. Each is unique and has a very particular flavor ... specific for that business or organization.

I would highly recommend Steve McKinnis. He is incredibly relatable, relational, and truly listens to the desire and the heartbeat of his clients. His customer service, efficiency, and expertise are extremely rare and unique in today's culture where interaction with a 'real' person when conducting a business transaction is almost extinct!

Please feel free to contact me in regards to any questions you may have about Steve or his working relationship with Lakeside Community Church. I would be happy to visit with you.

Most Sincerely,

Melinda Runcie
Pastor of Worship Arts and Administration
Lakeside Community Church

Lakeside Community Church of the Nazarene
700 West 22nd Street in Hastings, NE 68901

To Whom It May Concern:

I highly recommend **Steve McKinnis** for any Marketing, or Webmaster position you may be considering him for. We had the pleasure of working directly with Steve on our web site <http://www.tech3support.com> and found out firsthand about his masterful graphic design techniques and unparalleled web design skills.

Steve made a huge impact on our company's branding. He updated our company logo and gave us a much more professional look. He created a Style Guide to be used company-wide for everything from emails, PowerPoint presentations, to our promotional materials and website.

As a Webmaster, Steve totally revamped the look and content of our website, and optimized it for Google and other search engines.

In addition to having excellent Marketing and Webmaster skills, Steve has been great to work with. He eagerly participates with the other members of our team, sharing his ideas and expertise. He is always ready to jump in anywhere we need help.

If you would like any more information about Steve, please feel free to contact me directly.

Best regards,

**WOODWARD'S
Disposal, Recycling, and Shredding
Service, Inc.**

402-462-9252 - 1039 S. Burlington - P.O. Box 1023 - Fax 402-463-7630

To Whom It May Concern:

I am writing on behalf of Mr. Steve McKinnis. I highly recommend him for any position that you are considering him for because of his creativeness and professional demeanor. Steve and I worked side by side for many hours as I watched him create and come up with great ideas as he built our web site www.woodwardsdisposal.co and learned and understood our business from the beginning years in 1933.

Steve also shared with me many of his other business partner's web sites to help me understand that he can grasp what his potential customers need to create that "Top Of The Mind Awareness" that people are looking for on their web sites.

Even though we are miles apart from each other, Steve's customer service has always exceeded my expectations as he as always reacted to our demands in an excellent timely manner. His flexibility and willingness to please our company is unmatched compared to so many other businesses that we do business with.

It's easy to see how Steve won the Web Designer in San Diego Award from Talk Of The Town four years running, he exceeds expectations with results. We have had numerous companies and individuals give us high marks regarding our web site and in my opinion, that has paid for the investment with Steve. Bang for the buck I call it.

Please feel free to contact me with any questions you may have regarding my recommendation for Steve. Thank you.

Personal Regards,

Jeffrey McCoy
Manager Great White Shredding
Manager Woodward's Recycling Division
